Abstract

Zadrime is an area of ancient history that has inherited a rich spiritual and material culture. Within this culture were summarized its signal a wedding ceremony. focusing mainly humorous song cycle. Zadrime had a clear concept of life and have highly praised marriage considering the relationship as a source of continuity of life. This assessment is felt in every detail of this ritual from efforts to create an atmosphere as festive, not just for a day but long celebration, through songs that accompany every moment of the ritual of the wedding, from engagement to completion Interesting wedding band humorous songs sung in weddings at the area of Zadrime. Usually in their center moving the master of the house as well as other member of the family of bridegroom including here the services and guests.. Humor in these songs bring genuine laughter without tendency simply to create the cheerful atmosphere and festive. By themselves flat nature of the area, temperate climate, have influenced zadrime to have a calm temperament and sensitive, and therefore function these songs is Vitalizing wedding atmosphere and reveal the delicate inner world of zadrime.
