### **Abstract**

The new Law on Higher Education no. 80/2015 "On higher education and research in higher education institutions in the Republic of Albania" in its Article 51/5 states: "Article 51 The administrator of the institution of higher education" administrator can not perform any other function, academic or administrative". Smarting from the wording of the law, which will handle the question is: Can you teach, the University where he works, his manager? First clarify that what her role in university administrator tears? We say it more succinctly than have two types of activities in the university administration, the administration of labor force activity and finance. We included decisions, orders, guidance and actions that server like a real good use of the University of destination, or indirect activity and direct support academic (teaching and research), as well as promoting the development of the arts, physical education and sportive. Activity for administration, The academic activity. Is it part of general administrative activity, like decisions, orders, guidance and actions to influence directly to the regulation of product receipt University academic activity. Second, clarify the obstacles that predict different laws, administrator of the University to teach at the university. Here we clarify the function and duty. The difference between them. Thirdly, we give our opinion if we were instead of legislators. This brief paper is a doctrinal help to shed light on specific parts of the breaking down of the new law 80/2015. Kazusa is driven by the practice, but the treat and the purpose to be able to open a legal level debate.
